MARIT EVENTS

CONTENTS

A premium event experience company

We believe an event should be more than a gathering. It should leave a lasting impression on guests and hosts alike.

Marit Events is dedicated to creating memorable, impactful and seamlessly executed events across Kenya and the wider region.

Through thoughtful planning, professional coordination and exceptional execution, we transform ideas into moments that people carry with them long after the room has emptied.

Every detail considered, long before the first
guest arrives.

NGURARIO · TRADITIONAL CEREMONY

From a passion for bringing people together

Marit Events was founded on the belief that every event deserves intentional planning, professional execution and meaningful experiences. What began as a passion has grown into a company built to deliver premium experiences that leave a lasting impression — combining creativity, structure and proven systems.

08

BUDGET & TIMELINE MANAGEMENT

Structured planning and monitoring that helps clients manage budgets, timelines and event priorities effectively.

A structured process

We follow a defined process designed to deliver premium experiences and exceptional results — consistently, and regardless of scale.

- 01** **DISCOVERY**
We begin by understanding the client's vision, objectives, expectations and event requirements.
- 02** **PLANNING**
We develop budgets, timelines, vendor strategies and execution plans tailored to the event.
- 03** **COORDINATION**
We coordinate stakeholders, vendors, venues and logistics to ensure every element is aligned.
- 04** **EXECUTION**
Our team oversees event delivery, ensuring a seamless experience for both clients and guests.
- 05** **EVALUATION**
We review outcomes, gather feedback and identify opportunities for continuous improvement.

06 — OUR DIFFERENCE

Many event companies focus solely on **logistics**.

We focus on both **logistics** and **experience** — because a successful event is not measured only by how well it runs, but by how guests feel, interact, and remember it long after it has ended.

WHY CHOOSE MARIT

Ceremony, done properly

A traditional ceremony is not a themed event. It follows protocol, it belongs to two families rather than one client, and it usually takes place at a homestead rather than a venue. We plan these to the same standard as any corporate engagement — and with the cultural care they require.

O1 **RURACIO**

Dowry ceremonies hosted with the seating, protocol and hospitality the occasion demands — while negotiations between the families run to their own timetable, not ours.

O2 **NGURARIO**

Full coordination of the traditional wedding, whether standing on its own or preceding a church ceremony, with the sequence and observances kept intact.

O3 **HOMESTEAD SETUP**

Most ceremonies happen at a family compound with no loading access, no service kitchen and limited power. We plan marquee, power, catering and flow around those constraints rather than in spite of them.

O4 **FAMILY & ELDER COORDINATION**

The client here is a family, not a single decision-maker. We work with elders and both households so that expectations are agreed before the day, not negotiated during it.

O5 **CATERING AT SCALE**

Extended family and community attendance rarely matches the guest list. We plan capacity, service and contingency for the numbers that actually arrive.

Planned from abroad, delivered at home

Many of the families we work with are planning from Nairobi's diaspora — the United States, the United Kingdom, Canada and the Gulf. They are booking a homestead ceremony they cannot visit, from vendors they cannot meet, on a timeline that gives them only days on the ground. We plan for exactly that.

01 YOUR EYES ON THE GROUND

Site visits, vendor meetings and tastings documented by photograph and video, so decisions can be approved from abroad with the same confidence as in person.

02 PLANNING ACROSS TIME ZONES

Calls scheduled to your clock, and decisions batched into clear approval points rather than dripped through at inconvenient hours.

03 VENDOR VETTING & DEPOSITS

Suppliers sourced, verified and contracted on your behalf, with deposits and balances tracked transparently — the single greatest risk of planning at a distance.

04 FAMILY LIAISON AT HOME

We work alongside relatives and elders in Kenya, so that the family on the ground and the family abroad are working from one plan.

05 ARRIVAL-WEEK READINESS

Everything set, rehearsed and confirmed before you land — so the days you have at home are spent with family, not chasing suppliers.

Eight steps

Every Marit client moves through the same structured planning journey — so you always know where the event stands.
